

# NATIONAL DINNER

— 2016 —

13<sup>TH</sup> OCTOBER 2016 • NATURAL HISTORY MUSEUM • LONDON

*The* EIC National Dinner continues to be the premier energy sector networking event of the year and we invite you to join us once again at the Natural History Museum for another sparkling evening in stunning surroundings.

This year the evening will start at 19:00 with a drinks and canapé networking reception held for the very first time in the Darwin Centre atrium with its private entrance and 8-storey high cocoon. The Darwin Centre protects and houses the Museum's most valuable specimen collections, yet is a part of the museum very rarely visited.

Following the extended networking reception guests will be invited to take their seats for a splendid three-course meal accompanied by free-flowing wine, beer and soft drinks in the world famous Hintze Hall.

The climax of the evening will be the public recognition of the winner of the 2016 Award for Supply Chain Excellence.

#### COST
