About

Join us at EIC Connect Germany 2025, beginning with an exclusive drinks reception on the evening of Monday, 1 December, followed by the main conference on Tuesday, 2 December, at the British Embassy in Berlin.

This flagship conference, hosted by the Energy Industries Council (EIC) in partnership with the Department for Business and Trade (DBT) and Scottish Development International (SDI), will unite operators, developers, EPC contractors, suppliers, and government to explore the projects and partnerships transforming Germany's and Europe's energy markets.

Be part of Europe's most dynamic energy marketplace, as Germany accelerates its shift toward a low-carbon future, EIC Connect Germany provides a unique platform to connect with decision-makers, gain exclusive insight into live and upcoming projects, and identify new routes to market. From renewables and hydrogen to CCUS, oil & gas, and nuclear decommissioning, the opportunities are significant.

Join us in Berlin to connect, collaborate, and help power the next chapter of Europe's energy transformation.
