# About the Energy Exports Conference 2023

**The Energy Exports Conference is the #1 event to identify global energy opportunities and meet key decision makers.**

With **2000+ delegates** anticipated to attend in person from across the industry, sponsors and exhibitors will gain unprecedented access to their target market of UK suppliers, major global operators, contractors and supporting partners.

Building relationships with key business partners is fundamental to the Energy Exports Conference and as part of the sponsorship and exhibiting programme your brand will have an unparalleled level of exposure to key decisionmakers within the global energy industry.

# Why exhibit?

- Speak directly to your target market
- Meet and connect with prospective customers and boost your relationships with existing customers
- Position yourself alongside other leading companies in the global energy industry
- Strengthen (or establish) your brand in the developing energy sectors
- Learn about developments in your industry and opportunities across the globe
- Meet new companies that can help your business to grow in key export markets
- Space to display and present new technologies, solutions, and interesting exhibits
- A digital presence on the EIC webpage as EEC Exhibitor and also in the event app
- Company logo displayed as an exhibitor in pre-event marketing, including digital flyers, website, email and social media channels (over 20,000 LinkedIn followers)
- Access to the conference sessions and catering on both days
